

PERMANENT PLACEMENT RECRUITING

Helping Organizations Identify and Place Top Talent

OUR PROFESSIONALLY DIRECTED
SEARCH PROVIDES OUR CLIENTS
WITH A HIGHER DEGREE OF
SUCCESS FOR FINDING AND
SELECTING THE RIGHT CANDIDATE.

In today's high pressured economy, quickly bringing aboard top talent can mean the difference between success and failure for your firm. BridgePoint Technologies is a leading supplier of consulting employment services and has successfully been placing exemplary professionals into various positions for many of Chicago's finest employers.

At BridgePoint, our goal is to assist organizations in locating highly qualified talent through offering permanent placement staffing services across a variety of industries and specializations, including:

- Investment Banking
- Corporate Finance
- Asset Management
- Alternative Investments
- Brokerage

With extensive experience in financial services and technology, our team is tasked with developing and implementing full lifecycle recruitment strategies aimed at placing seasoned professionals to permanent positions. As a qualified, experienced and objective search division, we identify and evaluate the appropriate talent for your organization. We handle all interviewing and scheduling logistics, as well as the management of client and candidate concerns throughout the entire process. Our professionally directed search provides our clients with a higher degree of success for finding and selecting the right candidate.

In addition, we work quickly and efficiently within a limited amount of time and have an extensive database of contacts. Our skill is to ensure all our searches are thorough and meet all the needs of the employers. We work with our clients to ensure that the job role, qualifications and experiences needed for the position are clearly understood in order to identify the most suitable candidate. In addition, we become familiar with our clients' strategies, challenges, business cultures and the specific skill sets that are required to find the perfect candidate.

The permanent placement program offers you access to:

- BridgePoint's highly experienced recruitment specialists
- Our "A" list database of pre-screened and tested candidates
- A complete job and/or project specifications that match top talent to your specific requirements
